Dear Phil

I sent you an ms. for Passion-2 a few weeks ago. I don't recall any copyright paper work.

N.B. attached, my friend Amy Friedlander would like to use similar text for the online magazine she edits. I still offer you the article, but hope you will have no objection to my reserving the right for

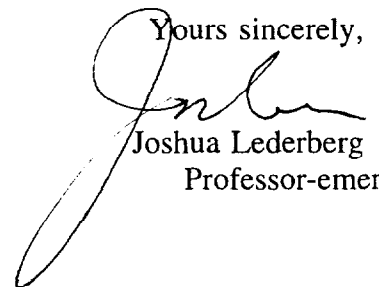

a) this online publication

b) presentation on the web site for my archives. As a rule, I'd be glad to hold back for, say one year, after primary publication date, but that would be moot. See <http://profiles.NLM.nih.gov/BB>

I can see only advantage to your getting the advertisement that goes along with this free sample. Please advise Amy how you would like Passion-2 referred to.

What is your email?

Yours sincerely,

Joshua Lederberg
